SUMMARY

IT manager and agile coach profoundly interested in agile methods such as Scrum or Kanban with excellent interpersonal skills and passion for explaining "whys." The more experience and knowledge I have, the more I want to help others to deliver great products to their customers and assist them to learn new skills and develop themselves. The more I know, the more I want to learn from others.

WORK EXPERIENCE

Economia

May 2013 — Present

Software Development Manager

Economia, a.s. is one of the biggest newspaper publishers in the Czech Republic. It publishes economic and B2B periodicals in the Czech Republic and has its online TV as well.

As the head of both development and project department (more than 30 reports), I'm responsible for internal development so that our newspapers and other products have the best digital platform available.

Achievements:

- Achieved significant cost savings by development reorganization and reducing number of external suppliers
- Reorganized the development department so that it fulfills new needs of our organization

Petr Flégl

April 2013 — Present

Agile coach and trainer

Agile lectures and talks, coaching, project and process analysis and improvements. In short, I help others to avoid mistakes I made, thus to succeed earlier.

Centrum Holdings

December 2012 — April 2013

Software Development Manager

Before Economia, a.s. bought Centrum Holdings, Centrum Holdings was an online media company with almost 1 million visitors a day and 4 million visitors a month.

Achievements:

- Prepared both teams for the acquisition of Centrum Holdings by Economia.

Seznam.cz

May 2012 — December 2012

Scrum Overlord - head of Scrum Office

Seznam.cz is a web portal and search engine in the Czech Republic with 1000+ employees. Seznam, as one of the few companies in the world is the number one search engine in its region defeating other providers including Google.

Achievements:

- Successfully established Scrum office - hired and trained 10 new scrum masters and helped to reinforce company transition to agile
- Created product backlog for sales department which replaced previously used waterfall planning - this helped IT department to focus on high priority tasks. Moreover, sales department got much better visibility of all projects.

Centrum Holdings

March 2010 — April 2012

Scrum Master / Project manager

Achievements:

- Helped roll out Scrum to the company - successfully delivered Scrum pilot project. This helped Centrum Holdings to choose Scrum as their main project tool.

Centrum Holdings

June 2008 — March 2010

Senior python programmer

Fragaria

February 2006 — May 2008

Senior PHP programmer / Project manager

Fragaria

November 2005 — February 2006
